TUESDAY, MAY 26, 1953

## Funeral Held For Accident Victim

**LEVEL LAND** — The funeral of Eddie Lang was held on Sunday, May 17, in the SDA church east of Beiseker at 2 p.m. and was well attended with every seat in the church taken. The music was furnished by the male quartette and the ladies' duet and the sermon was given by Rev. C. C. Voth of Calgary.

Mr. Lang was born May 20, 1915, and died May 11, 1952 from the results of a tractor accident on May 10. His brothers and sisters were present at the funeral. Harry of Vancouver, Marvin of Toronto, and Alfred of Walla, Walla, Wash; Mrs. Edna Collins of Vancouver, Mrs. Irene Prier of Calmar, Alta., Mrs. Sophie Becker of Lodi, Calif., and Mrs. Viola Beckthold of Sacramento, Calif., Mrs. Jennie Ballow of Tillamook, Ore. Mrs. Evelyn and Doris Johnson of Lansing, Mich., were not present.

Mr. Lang is survived by many relatives and friends and four uncles: Theo and Sam of Beiseker and Jake and Fred of College Place, Walla Walla.

Burial took place at the SDA cemetery with Gooder Bros. in charge.

## Level Land News Briefs

Pastor and Mrs. Seamen of Calgary from the Alberta Book and Bible House were with the SDA on May 16. Pastor Seamen was the guest speaker for the day.

Mr. and Mrs. James Suelze and Mr. and Mrs. Elvin Huether of Leduc were visiting over the week-end of the 16th and 17th with relatives and friends and also attended the Lang funeral.

Mr. and Mrs. Bill Tkachuk of Edmonton were visiting in the district and also attended the Lang funeral, as did Mrs. Mable Hepper of Edmonton.

Miss Joyce Lang of Calgary spent the week-end in this district.

## Crossfield Sports

By JACKIE LEE

(Crossfield's Sports Lover).

The local ball team could be a top contender for the Rosebud League title judging from the excellent games of Monday in the Olds tourney.

The team is comprised of four high school boys and other young townsmen. The four youthful high school boys show great promise.

A few people have the opinion that our local boys won't be so good and would rather support a visiting team. Your commentator thinks differently, and defies you to come out and see.

The game in the Rosebud League is far superior to the Chinook League, with one exception—Chinook boasts fine pitchers.

Many young players have become experts by playing with older team mates who pass on their knowledge and skill, and youth is the age to acquire this learning with added years to execute and demonstrate the ability so derived.

So baseball lovers of Crossfield, support your team, watch them and boost them as they endeavor to please you.

Sub-bituminous fields were topped by Drumheller with 44,679 tons, followed by Pembina with 29,422.

Norma Wetzel of Bentley and Harvey Beckthold were visiting in this district over the week-end of May 24.

Mr. and Mrs. John Leiske and Jerry and Mrs. Ben Huether spent the week-end of May 23 at Canadian Union College, Lacombe.

People were sorry to hear the news of the death of Dave Schmidt's son at Lamming Mills, B.C. Mr. Schmidt used to live in the Beiseker district. It is understood that Mr. and Mrs. Emil Berreth and some members of the Schmidt family had a car accident at Leduc while on their way to the funeral. No one was seriously hurt.

HER MAJESTY QUEEN ELIZABETH II AND PRINCE PHILIP

## Elizabeth Was Trained For Years To Become Monarch Of Britain

By GAY PAULEY

**LONDON**—The scene was St. James Palace in London. The time, Feb. 8, 1952, two days after the death of Britain's King George VI.

A slim, dark-haired woman, regal in her black dress of mourning, stood before a distinguished group of lords and statesmen. In a steady voice, she said:

"My heart is too full to say more to you today than that I shall always work, as my father did throughout his reign, to uphold constitutional government and to advance the happiness and prosperity of my people—spread as they are, the world over. . . . I pray that God will help me to discharge worthily this heavy task which has been laid upon me, so early in my life."

**FIRST SINCE VICTORIA**  
Elizabeth II, at 25, took the oath as new sovereign of Great Britain reigning over more than 14,435,000 square miles of territory and 613,000,000 persons.

This June 2, the world will watch as the young Queen is crowned in historic pageantry in Westminster Abbey.

Elizabeth, who will be 27 years old a few weeks before the event, is the first female sovereign of Britain since Queen Victoria.

Britain always has flourished under feminine rule. The first Queen Elizabeth stopped the Spaniards in the 16th century. Queen Anne was on the throne when Scotland and England were united in 1707. Under Queen Victoria, the British Empire was established.

Elizabeth was trained all her life for the job she took over with the death of her father.

**KNEW HER DESTINY**  
In some respects she grew up like any other girl. Once she was caught with jam on her face, emerging from the kitchen. Her father, not then a king, spanked her.

She was called "Lilibet" by her family. She liked outdoor sports

and became an accomplished horsewoman. She was a Girl Guide.

But Elizabeth never forgot, and no one let her forget, that she was a member of the royal family, destined one day to be a queen.

Only once did she meet the American woman whose love for her uncle, Edward VIII, eventually was to put Elizabeth on the throne. It was said that it was a strained gathering when "Uncle David", as she called the now Duke of Windsor, brought Mrs. Wallis Simpson to meet George.

The abdication of Edward put Elizabeth's father on the throne, and Elizabeth, at 11, was heiress presumptive.

Her public duties, the major job of a sovereign in modern Britain, increased as her birthdays passed. At 21, she was eligible to rule, and wed. She fell in love with Lt. Philip Mountbatten, a dashing young naval officer, descendant of the royal families of Greece and Denmark.

**TRUMAN'S PRAISE**  
Elizabeth's sister, Margaret, teased her by saying, "You're a one-man woman", and Elizabeth is supposed to have answered, "All the girls love a sailor."

Elizabeth and Philip were married in Westminster Abbey Nov. 20, 1947. Their first child, Prince Charles, heir to the throne, was born one year later. Their second, Princess Anne, arrived in August, 1950.

Elizabeth is a pretty woman. Americans learned this first hand with her visit to Canada, and a quick trip to Washington shortly before the death of her father. She has fine blue eyes, white even teeth, an excellent complexion, and dark curly hair.

Former President Harry Truman

put into words the admiration many around the world feel for the young monarch. During her visit to Washington, Mr. Truman gave her a fatherly pat on the shoulder and commented, "All my life I thought of some day meeting a fairy princess . . . and right here she is."

The coronation will be broadcast or televised to the world in 42 languages by 250 observers and commentators. Radio broadcasts will be beamed continuously to British Commonwealth countries, British forces at sea and abroad, and to the United States and other English-speaking countries all over the world.

At least 750,000 women in Britain will be opened to the public for Elizabeth on her coronation day. The prayer will be said by members of the church groups representing the Church of England, the Church of Scotland, the free churches, the Salvation Army and the Y.W.C.A. The prayer was drafted in response to the Queen's Christmas broadcast appeal, "pray for me."

The ceremony for the coronation has been amended to permit the participation of the Church of Scotland for the first time. The Moderator for the church will assist the Archbishop of Canterbury in presenting the Bible to Elizabeth. The oath of allegiance also will be changed to include the Queen's non-Christian subjects. It will pledge Elizabeth to govern her subjects "according to their respective laws and customs."

The Duke of Windsor, whose abdication eventually put Elizabeth on the throne, will not attend the coronation.

Westminster Abbey, in the heart of London, has been the scene of British coronations since the time of William the Conqueror, who was crowned in 1066.

## PROCLAMATION

WHEREAS the second day of June has been appointed as a day of general thanksgiving and rejoicing on the occasion of the Coronation of our beloved Queen;

THEREFORE I would request that all good citizens will mark the occasion in a proper manner by a goodly display of flags and decorations, also that everyone will do his utmost to make our local celebration worthy of the day.

HUBERT A. BANNISTER,  
Mayor.

## Crossfield News Briefs

Crossfield's Mayor Bannister has issued a special Proclamation re June 2nd, Coronation of H. M. Queen Elizabeth, and that day has been appointed as a general day of thanksgiving and rejoicing. All villagers are requested to mark the occasion in a proper festive manner, by a godly display of flags and decorations. The Canadian Legion, with Emerson Walroth president, is hopeful that all members and ex-members of the armed forces will be out to help the mammoth parade that is expected. The Calf Club and the Garden Club are anticipating a joint endeavor in a float entry as also is the H. and S. and the Crossfield School. The Rebekahs and Odd Fellows and the Old Timers hope to make an entry. Rain and snow have once more dampened the spirit of the farmers who are beginning to wonder if wheat will make the grade. In some districts it has been impossible to work the land as it is too wet, and wheat in these parts is still to be sown. If the weather breaks in their favor, farmers will be going day and night, and there will be little time devoted to Coronation activities.

Bob Rowat and a friend were in a car accident near Bowden, but fortunately neither one was hurt.

Miss Joanne Copley, a victim of Polio, and patient for nearly a year in hospital is expected home soon, as she has made a very nice recovery, and with pleasant home surroundings, no doubt Joanne's condition will steadily improve. Crossfield rejoices with her and everyone hopes that soon she will be able to sing her delightful songs that pleased both young and old.

Born in the General Hospital, on Monday, May 18th, to Mr. and Mrs. Herbert Mumby of Crossfield, a daughter, Carol Elizabeth. We are glad to report both mother and daughter are doing well.

Please keep in mind the Annual Graduation of the Crossfield High School on May 29th, in the Community Hall and the dance that follows. This dance is open to all who care to attend, so come and trip the light fantastic with the "kids".

Stan and Wayne Price have taken some bulls to the Lacombe Bull Sale, which will start on Monday, May 25th.

Mrs. Al Price is a patient in the Holy Cross Hospital where she has had a cataract removed from her eye. She will be in hospital for two weeks. The operation was performed on Thursday, May 21 and her family is glad to report that she is doing as well as possible.

Mrs. Purvis is still a hospital patient, but is slowly progressing after her unfortunate fall which resulted in bone injuries.

Mrs. Jean Stevens entertained at three tables of afternoon bridge on Wed., May 20th. A very delicious lunch was served at four o'clock. The highest scores were held by Mrs. Wilson Stafford and Mrs. Ed Fraser.

Mrs. J. Clarke flew from Winnipeg to Calgary to attend the funeral of her father Mr. William Murdoch, who passed away suddenly on Wednesday last. Mrs. Clarke (Vivian), was a former T.C.A. Stewardess.

Independent stores did three quarters of all retail business in Canada in 1951; chain stores accounted for 16.3 per cent and department stores for 8.6 per cent.

## Rosebud League Games

Wednesday, July 8—Cremona at Didsbury; Madden at Crossfield; Olds at Airdrie.

## R.A.A. Vice-Pres. Visits Justice No. 62

CROSSFIELD — Justice Rebekah Lodge met in regular session on Wednesday, May 20, at 8 p.m. and the members were pleased to officially welcome Mrs. Dorothy Scott, vice-president of the Rebekah Assembly of Alberta. Ada Bailey, N.G., presided at the meeting, assisted by Grace Whitaker, V.G., with Grace Budgeon recording the minutes and Mable Stafford and Violet Hurt reporting as financial secretary and treasurer in respective order. At the conclusion of the business of the meeting, Mrs. Scott, vice-pres. of R.A.A., addressed the meeting with a thoughtful and inspiring message relative to the fine work of Rebekah Odd Fellowship, which was appreciated by all. Later, she was presented with a gift as a token of this lodge's appreciation for the good work carried out by her in her fraternal visits.

The Noble Grand took great pleasure in welcoming Sister McClelland and Sister Jones, both D.N.P.s of the R.A.A., also Sisters Tweedie, Wiele and Ahleman, all of whom now reside in Calgary, but are affiliated with Justice No. 62.

Sister Jones and Wiele, on behalf of the visitors, bespoke their pleasure at being able to renew acquaintances in their old lodge, and especially at the visitation of Sister Scott, who is known by all. The Rebekahs and Odd Fellows hope to represent their Order on Coronation Day by entering a float in the mammoth parade.

A very delightful lunch was served in the basement of the hall, and the tables were beautifully decorated for the occasion with floral centre and tall lanterns. Novelty "sailboat" and ribbon sandwiches accompanied the stuffed array: light and dark cakes, pleasantly arranged, and colorful ice cream sundaes, added to charm as well as taste. Congratulations were tendered the social committee.

## Latest Command Portrait of the Queen

This latest portrait of the Queen shows Her Majesty wearing a diadem of diamonds and pearls which is of great age. The diadem's jewels were reset for Queen Victoria.

## Scottish Farm Girl To Visit In Alberta As Part of Junior F.U.A. Program

A plan of exchange visits between the Junior branch of the Farmers' Union of Alberta and the Scottish Association of Young Farmers' Clubs has been given consideration by both organizations during recent months. Arrangements have now been made for two young ladies from Scotland to visit Alberta this summer. They are Miss Jessie Adam of Lower Greenyards, Bannockburn, Stirlingshire, and Miss Helen Tough of Barnyards, Turriff, Aberdeenshire. Both girls are 21 years of age. Miss Adam will arrive in Alberta around the middle or latter part of June, and Miss Tough who is attending the wedding of her sister in Vancouver before visiting here, will arrive about July 21.

Both of these girls are members of families engaged in mixed farming in Scotland. Jessie Adam's family farm 200 acres which comprises 70 acres of grass 60 acres timothy hay, and the balance oats, beans, wheat and turnips and mangolds. They also have a herd of cattle which are a cross of Aberdeen Angus and Shorthorn. Helen Tough's family have a 260 acre farm 127 acres of which are in grain crop, 35 acres in turnips and the remainder in rotational grass. There are approximately 100 head of cattle on this farm, 150 pigs and 2,000 chickens.

These girls have both been to 1953 at the Scottish Dairy Show, and was a member of the team which won the Stock Judging Cup at the North East Area Rally in 1946. She has been very keen on exchange visits and has taken part in the inter-county exchanges in Scotland.

Members of Junior F.U.A., the farm co-operatives and other organizations will play hosts to these two young ladies for about four months which they will spend in Alberta this summer.

## Procedure Judge's Poser

PETALUMA, Calif. — (BUP) — Justice was at an impasse here while the town's only judge, Roland C. Webb, tried to figure out how he could try himself. Webb was arrested in a bar and charged with being drunk.

## Howe Advises Farmers Best Way To Get Rich

OTTAWA (BUP) — Trade Minister C. D. Howe has forecast that western farmers could grow rich by storing their wheat on their farms until after Aug. 1.

The trade minister was apparently referring to the huge wheat surpluses in exporting countries and fears of poor crops during the coming season.

The opportunities for storage on the farm will never be so richly rewarded again as they are at the present moment," Howe said. "If anyone wishes to carry his wheat over into the next year and deliver it after the first of August, I am sure he will be rewarded when the receipts for the next crop year are distributed."

Howe said it would be "interesting to see what class of farmer takes advantage of this opportunity to profit by storing wheat on the farm."

## Goes To Jail

EDMONTON (BUP) — James E. Lennie was sentenced to 18 months after he pleaded guilty to a charge of false pretenses involving \$49.

## Grain Quotas Won't Change

OTTAWA (BUP) — Delivery quotas for western grain growers will remain unchanged for the rest of the current crop year. Trade Minister C. D. Howe indicated in the Commons Friday.

He told the House the total for the 1952-53 crop year was now estimated at 330,000,000 bushels, including wheat, oats, barley, flax seed and rye. Of this amount all have been delivered.

In order to find space for the remaining grain yet to be marketed in the nation's elevators, Howe said "it looks as if the present quotas will be the limit of our delivery quotas for the present crop year."

At present grain elevators are authorized to accept delivery from western farmers equal to 18 bushels for each acre seeded. The basic quota was set at 15 bushels and three bushels per acre were added.

At the end of 1951 Canada's 100,000 passenger automobiles were being driven 12,000,000,000 miles each year.

## 51 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify items must be true, personal incidents. Address "Embarrassing Moments," P.O. Box 4368, South Edmonton.

Going to the dance I hurriedly dressed and off I went. Almost half the dance was over. A group of girls started laughing. I asked "What's the joke?" They replied, "It's on you. Since when is there such a style of wearing nylons?" Quickly I glanced at my feet. I saw I had one nylon on with a dark seam; the other was with no seam on the back. My face felt flushed and I certainly was embarrassed.

**SHORTY—S. V.**  
Spruce Valley, Alta.

Last year when we were playing at school we saw a squirrel run up a tree. No one wanted to climb the high tree, so I climbed it. The squirrel jumped to another tree. I was close to the bottom when my pants caught and tore. All the children laughed and teased me. When the bell rang I went in to school and all the children laughed in school at me. The teacher let me go home so that the laughing would stop.

## THE LIGHTER SIDE

### Something to Worry About

And now we hear the people say  
That winter's gone and lost it's  
way.  
If so, I hope that loss will stay  
And not come raging round in  
May.

### A Tongue-Tangler

Wife - Did the doctor tell you  
that you had some pronounced  
disease?  
Hub - Yes, but I'm hanged if I  
can pronounce it.

### SO INFATUATED

Wife - I was a fool when I  
married you.  
Hubby - Yes, but I was so in-  
fatuated with you that I didn't  
even notice it.

### SOME DUE

"How kind of you," said the girl,  
"to bring me these lovely flowers.  
They are so beautiful and fresh.  
I believe there is some dew on  
them yet."

"Yes," stammered the young  
man in great embarrassment, "but  
I am going to pay it off tomor-  
row."

### PROVIDED

Chaplain - There will be weep-  
ing, wailing and gnashing of teeth  
among the wicked who pass on  
to the next world.

Sailor - What about those who  
haven't any teeth?

Chaplain - Teeth will be pro-  
vided.

### NOT YET

A soldier made the mistake of  
getting too close to the rear of an  
army mule. His buddies caught  
him on the bounce, placed him on  
a stretcher and started for the  
hospital.

On the way the soldier regained  
consciousness, gazed at the sky  
and felt the swaying motion of the  
stretcher. Weakly he lowered his  
hands over the side to find nothing  
but space.

"Aligosh," he groaned, "I haven't  
hit ground yet."

## Holstein Fresian Association President Flies East

**SOUTH EDMONTON**—Mr. J. W.  
Hosford, South Edmonton farmer  
and president of the Canadian Hol-  
stein Fresian Association, left by  
plane on May 26 on a business trip  
to eastern Canada. He will attend  
Holstein sales, barn meetings and  
a provincial meeting, covering On-  
tario and possibly Quebec. Mrs.  
Hosford accompanied him and they  
will stop for a few days and visit  
their son-in-law and daughter, Mr.  
and Mrs. H. Herlihy, in Chicago.

Mr. Hosford will attend the an-  
nual meeting of the Holstein Fres-  
ian Association of America at St.  
Paul. Returning to Canada, he  
will attend the sale of Rockwood  
Holsteins in Winnipeg before re-  
turning home.

Mr. and Mrs. Hosford plan to be  
away about three weeks.

## Jasper Lodge Ready for Opening

### God Save the Queen!

Without doubt, June 2nd, 1953, will go down as a great day. Never in the history of the world have we enjoyed so many of the good things of life. We are slightly over the half-way mark of the 20th Century, and during that half century, more has been accomplished in the way of progress in almost every walk of life, especially is this true in the material sense.

In agriculture, we have jumped from slow moving oxen to fast rubber tired tractors. In transportation, from the horse and buggy to speedy trucks and autos. Medical science has done wonders in combatting disease and teaching us how to live; our life span has been increased twenty years since 1900. Education has increased by leaps and bounds.

How fortunate we are to live in this day and age, and in this country! It is doubtful if our growth in the spiritual has kept pace with the material.

The Coronation is the consecration of the vessel in which rests the continuity of Government in the great British Commonwealth of Nations. That vessel happens to be an enchanting, beautiful young woman, with enormous charm and a deep emotional appeal.

We sincerely hope that with our Queen we are entering on a long era of Peace. Today we find this charming, lovely young woman, this faithful wife, this loving mother, kneeling at prayer, asking for divine guidance, and dedicating herself anew to the faithful performance of her duties. She belongs to us; we belong to her. We pray for her a long, useful and happy life. Long may she reign; long live the Queen!

### P.M. Honors Conservative Leader

The recent appointment of George Drew, Leader of the Opposition, as a Privy Councillor is without precedent in the history of Canada. It definitely shows the liberal and kindly character of Mr. St. Laurent in making this recommendation. Presumably, the honour is given more by reason of the position he occupies than upon "Gorgeous George" himself. After all, he is leader of "Her Majesty's Loyal Opposition".

The Honourable George is exceedingly fortunate to receive this appointment because his chance of becoming a Privy Councillor in the usual way is pretty slim. Usually, political leaders, when in power, accord such honours only to members of their own party. And it doesn't look as though the Rt. Hon. George Drew will be Prime Minister for at least another four or five years.

### Farm Price Supports

During the current fiscal year, the Federal Government paid out nearly \$33,000,000 to support farm prices, chiefly beef and pork. Had it not been for this price support, without a doubt a terrific slump would have occurred in the cattle and hog market over a period of several weeks. However, the market is now open to the United States and prices have levelled off, so it will no longer be necessary, at least under present conditions, to have Government price support.

This price support has proven without doubt a wise and prudent move both for the Canadian producer and for our Canadian economy as a whole.

### Note and Comment

India's wheat harvest is now nearing completion and is a little larger than the previous crops for the last two years, according to preliminary forecasts. The yield and acreage are both expected to be larger than that of a year ago. The first indications estimated a crop of 225 million bushels, which compares with the 1952 official estimate of 215 million bushels. Even with this larger crop imports are still expected to be between 65 and 70 million bushels to take care of the country's requirements.

### Divorce In Canada

There is a general feeling in Canada that Divorce Laws could be improved.

An old Quebec law says that marriage can only be dissolved only by the death of one of the partners. This was confirmed by Confederation, so there are no Divorce Courts in Quebec. In all the other provinces except Newfoundland, the Superior Courts have jurisdiction.

In Nova Scotia, cruelty is a possible cause for divorce but, in all the other provinces, adultery is the only grounds considered.

In Eire and South Carolina, there are no divorces granted but other countries recognize divorce for various reasons. In New Zealand, there are eleven grounds recognized. Britain has recently widened her laws and, in some of the States of the Union, the grounds are so wide that a very undesirable condition exists.

A special Act of Parliament must be passed to grant a divorce at Ottawa. It must pass both Houses and receive the assent of the Governor General. The evidence is heard by a Senate Committee and many a sad story of cruelty, drunkenness, desertion, selfishness and shame is heard. Some, even without a blush and even with boastfulness, admit the crime of adultery. Every one of the cases is a domestic tragedy and all the witnesses are carefully questioned and their veracity judged. Parliament does not break up homes. The homes are hopelessly wrecked and permanently broken up before the party comes for a divorce. The opposed cases take long hours and days of the time of the committee and, generally, there is some money settlement involved and that is the reason for the opposition.

There were 5562 divorces granted in Canada in 1952. The following is the number for each province:

P.E.I. ....	9
Newfoundland .....	3
Nova Scotia .....	188
New Brunswick .....	200
Quebec .....	309
Ontario .....	2130
Manitoba .....	338
Saskatchewan .....	223
Alberta .....	630
British Columbia .....	1532

### The Result Was Good

The Price Maintenance Bill which was passed by the Liberal Government during the second session of 1951, and opposed so strenuously by the Opposition, has turned out even more successful than was anticipated by its most ardent supporters.

The dire disaster predicted by the Opposition has failed to materialize. They claimed it would ruin half of the small retailers across Canada, but instead of that happening, business has greatly increased and people have been able to buy more goods at a lesser price; so there has been a larger turnover for the retailer at a fair profit.

It has also allowed those dealers who were over-stocked to put on a sale and mark their goods down as much as they wished without either intimidation or interference from the manufacturer.

The net result has been good for the manufacturer, the dealer and the consumer.

### Grow And Roll Your Own

(Calgary Albertan)

A big part of the cost of both drinking and smoking is taxes.

Preparing both liquor and tobacco is a slow, rather difficult process, usually left for large commercial industries to do.

Yet some people would like to do it themselves with liquor, to save the heavy tax expense. There are laws prohibiting them from doing so. So far as we know there are no laws prohibiting a person from processing his own tobacco.

While the product might be inferior, we wonder why more smokers don't try not only rolling but growing their own. A tobacco of sorts might even be grown in back yards in Calgary. The average smoker spends many times as much on cigarettes as on potatoes, yet just a few square feet would keep him in smokes for a year.

### The Bible Today

And the name of that city from that day shall be, "The Lord is There."—Ezekiel 48:35.

### NOTHING BUT THE TRUTH by Russ Arnold

THE TOWERING SIERRA NEVADA MOUNTAINS in California ARE STILL GROWING!! This mountain range, the highest in the nation, is still shifting about and growing taller—WHICH IS ALSO CAUSING CALIFORNIA EARTHQUAKES!

### Voice of the People

#### PHILOSOPHER

I hope you will see fit to publish this letter, my first attempt at writing for publication in 74 years of a very turbulent life.

Francis Bacon said: "By far the greatest obstacle to the progress of science, and to the undertaking of new tasks, and provinces therein, is found in this—that men despair, and think things impossible."

Did you ever try to present a verifiable physical law to the 97% of the unthinking public? Well, every action produces an equal and opposite reaction. Just try to present the first law of thermodynamics to the general public, and take note of how you make out.

My experience results are over the known 97% observed by science.

Edmonton.

SAGE BRUSH.

#### SUN, FAMINE, RIGHTEOUSNESS

I like your choice of name for the Edmonton Sun. It indicates light to walk in. Life is a good name but there could be no life without the Sun. The Star is a mild name and unpretentious Journal makes no claims whatever. In a recent Note and Comment we read "the failure of rice and wheat crops threaten 36,000,000 people in India with famine. This is a time to quit the foolishness of the present age and think saner thoughts. Ezra 7:23 says "Whatever is commanded by the God of Heaven, let it be diligently done." If we follow the Sun of Righteousness, Jesus Christ, we will automatically fulfil His law of love to our unfortunate neighbors wherever they may be.

J. W. McNEIL.

Sub P.O. 23, Edmonton.

#### PROBLEM HUSBANDS

Can anyone tell me why it is that women who have nice good-providing husbands and families are allowed by their husbands to bum around? Why should these women be allowed to mix with some other husband and break up his home? What kind of men are they who don't know or care if their wives are tramping around? HEARTBROKEN WIFE.

#### VET'S REQUEST

Speaking for unemployed veterans, why don't the Canadian people pass a law giving unemployed veterans \$77.25 a month? UNEMPLOYED VET.

#### DOESN'T TRUST THEM

I said before the last "peace negotiation" in Korea, we might as well debate and negotiate with a bunch of rattlesnakes. You never know when and where they will strike.

J. N.

#### SASSAFRAS REBELLION

Somewhere, a group of greedy men are making large profits by boosting the already excessive price of coffee. I'm going to put these robbers in their place by making and drinking sassafras tea. Sweetened to taste and with a few drops of lemon, it's a good drink, especially in spring.

ROBIN H. HOOD.

#### FARMERS WELL OFF?

Your editorials about farmers having a tough time get my goat. Farmers never had it so good and they know it. The Government is always scheming to give the farmers more bonuses, etc. This proves the old saying, the rich get richer.

F. A. S.

### The Right Combination for miles of trouble-free motoring

## LETTERS TO LOUISA

### Sixteen-Year-Old Girl Wants To Stay Out Late; Parents Object

Dear Louisa:

How late do you think a girl should be allowed to stay out with a date? All of the girls in my crowd can stay out later than I can, but I can't make my parents see it my way.

I am sixteen years old and a senior in high school.

GLADYS.

Answer:

This is a very hard question to answer, Gladys, for the reason that every community has its own standards of what constitutes early or late.

For instance, in small cities, where the boys come for girls at 8 or 8:30 o'clock, they could hardly go to a movie, get a soft drink and be home before eleven. Whereas, in some rural sections, where people go to bed and get up earlier, the boy may be on hand at six or seven o'clock, in which case he could very well leave at ten.

Of course, in case of a special occasion, such as a Junior-Senior or a dance, the older boys and girls are usually allowed to stay out until twelve, when the dance is over.

It is much better to have a clear understanding with your parents as to when they expect you to be home rather than to have them looking for you several hours earlier than you plan to get in. Explain to them how long the function lasts, where you will be and then come home on time.

If you are a person who keeps her word and can be trusted, I don't think your parents should be unreasonable about your hours.

Sincerely,

Louisa.

Dear Louisa:

I have been dating a boy for five years and he seems to love me very much. Every now and then he dates another girl but he seems to care for me. About a month ago we decided to marry and just about time he got ready to marry.

someone told him I was dating a married man when I wasn't.

Do you believe someone told him that or that he has been dating me too long? Please write and give me your opinion.

G. N. G.

Answer:

Your friend either doesn't trust you or doesn't want to get married and is using that tale as an excuse to keep from taking the final step.

If he really loves you he should certainly give you the opportunity of proving to him whether or not such a story was true.

Louisa.

### Train R.C.M.P. As Midwives

EDMONTON — Twenty - one tough veterans of the R.C.M.P. are taking a first aid training course in Edmonton which instructions on how to help mothers during childbirth.

Dr. W. L. Falconer, director of the Charles Cammell Indian Hospital, said the comprehensive one-week course is believed to be unique for the R.C.M.P.

It includes training in obstetrics, dental work and how to give injections of penicillin and other life-saving drugs. The Mounties also will learn how to accurately report patients' symptoms so that doctors contacted by radio can diagnose ailments and prescribe the proper treatment.

The Mounties are learning how to cope with emergencies which may arise when they leave later this month for isolated R.C.M.P. posts in the Yukon, Northwest Territories and Arctic in the annual change-over of personnel.

## Favorite RECIPE

### MAPLE CREAMS

- 2 cups brown sugar
- 2 tablespoons corn syrup
- 2 tablespoons butter
- Pinch of salt
- Half cup milk or sour cream
- 2 teaspoons vanilla

Boil until candy reaches soft ball stage when tried in cold water. Set in pan of cold water until partially cool. Add vanilla and beat until creamy. Pour on large plate which has been well buttered. When cool cut into squares.

For this delightful Maple Cream recipe Mrs. Edward Dumaine of Legal, Alberta, has received a \$1.00 check. Send your Favorite Recipe to P.O. Box 4430, South Edmonton, Alta.

Orvin Carter, representing L. T. Melton Real Estate Ltd., Edmonton. XM 30-16

## EXPECTED IN AUGUST

# Won't Announce Federal Election Until Return From Coronation

OTTAWA — Canadian voters must wait until after the Coronation to learn the date of the federal election.

Prime Minister St. Laurent made this clear in the Commons last week, but he did not write off the widely-accepted speculation that the date will be Monday, Aug. 10 or Monday, Aug. 17.

## Caused Uproar

His comments came after Donald Fleming (PC-Toronto Eglinton) asked him, amid considerable uproar in Liberal ranks of the correctness of newspaper reports Monday that the August target dates had been selected.

"I have purposely refrained from arriving at even a tentative decision about the next general election before the Coronation," he said.

"I thought the Coronation was an important enough event in the constitutional set-up of this nation of the Commonwealth to stand on its own and not be dimmed or blurred or disturbed by political controversy."

Mr. Fleming argued that an August election—it would be the first August election since 1867—would disfranchise "tens of thousands" because so many would be away from home or busy with farm activities.

"One has to weigh the advantages and disadvantages," said the prime minister. "That has not yet been done and will not be done until after the Coronation."

The fact that the Aug. 10 date had been mentioned in the newspapers "is not going to deter me from suggesting that date to my colleagues and to His Excellency if for other reasons it seems to be the most appropriate and convenient time to have an election."

But the fact that the August date had been mentioned "is not going to be a reason for making the selection."

## Denies Being Source

Mr. St. Laurent denied, as he was expected to, that either he or any authoritative source had given out the August target.

However, it has been known for several days that August was the target month and the prime minister partly disclosed this when he discussed Mr. Fleming's objections on the grounds that many would be unable to get their names on the voting list, to participate in the campaign or to get to the polls.

The prime minister said an even more important aspect was that the enumeration of the voters must be at a time when there is the least likelihood of any names being left off.

"The matter must be carefully considered because if we are not to have an enumeration in July and August we could not have one that would start earlier than Sept. 14—because it has to start on a Monday and the first Monday in September is Labor Day."

"An enumeration that started on Sept. 14 would bring an election in November. Well, November is an inconvenient time for an election."

## Not Asking Quarter

Mr. Fleming said neither he nor his party were asking "any quarter or consideration" in the selection of a date. "It is the people we are thinking about—the people who are going to the polls."

The prime minister said he believed any attempt by a government to pick an election date to suit its own party advantage would be apt to "have the contrary effect with the reasonably-minded population of Canada."

While the prime minister's remarks left the issue wide open, it was assumed by some obser-

was named honorary president of the association and Dr. V. V. Christie of Calgary, honorary vice-president.

The new council is composed of Dr. Rattray, Dr. Saville, Dr. J. Gordon Anderson of Calgary, Dr. J. C. Carney of Lethbridge, Dr. C. H. Bigland of Edmonton and Dr. H. T. Anderson of Olds.

## Edmonton Surgeon Given U.S. Diploma

EDMONTON (BUP) — Dr. G. Boileau, an Edmonton surgeon, has received a diploma from the American Board of Surgery, following examinations in San Francisco.

Boileau, a native of Edmonton, received his medical doctor's degree from the University of Alberta, and completed six years of post-graduate study in Edmonton and Montreal.

Last year Boileau was made a fellow of the Royal College of Surgeons of Canada.

Crow's Nest led bituminous fields with 143,969 tons, followed by Coalspur with 47,316. Lethbridge reported outputs of 3,683 tons.

# \$18,500,000 THIS YEAR SCHOOLS TO COST ALBERTA

EDMONTON—Education Minister Aalborg told members of the Alberta Federation of Home and School Association in Edmonton the Alberta government will spend more than \$18,500,000 on schools this year.

## TV Application To Be Heard May 28

OTTAWA — The CBC board of governors announced it will hear representations May 28 on application for eight new television stations and five new radio stations.

The television applications include three from Edmonton and one from Calgary.

The Calgary TV application came from a group of three radio stations—CFCN, CFAC and CKXL—headed by H. G. Love of station CFCN. The application seeks a station on Channel Two with a mast 257 feet high. The company is called Calgary Television Ltd.

All Edmonton applicants seek a television station on Channel Three.

Edmonton Television Limited, composed of radio station CJCA and H. M. Sibbald, seek a licence for a station with a mast 324 feet high.

A second licence is sought by William Rea, Jr., proprietor of radio station CKNW. New Westminster, B.C. The station would have a 30 foot high antenna.

The third application was made by the Sunwapta Broadcasting Company Ltd., operators of radio station CFRN. G. R. A. Rice of station CFRN is president of the company. The station would have a 480-foot mast. Application for increase in power and change of spots on the dial were renewed from station CKRD at Red Deer, Alta., for an increase to 1,000 watts from 250 watts and a change to \$50 from 1230.

## Change In Advertising Rates June 1st

Effective June 1st there will be a slight upward adjustment of rates for certain classifications of advertising in this paper. Recent increases in newsprint and labor costs are partly responsible for this change.

Mr. Aalborg, speaking at the close of the federation's annual convention, said the province spent only a fifth of that 10 years ago. The total cost of secondary and elementary education in Alberta is about \$38,000,000 a year.

Enrolment in elementary schools was 186,000 and was increasing by 6,000 each year.

Alberta has now 7,000 teachers. Mr. Aalborg said, and the teacher shortage is more favorable than in any other province with the possible exception of British Columbia. The average salary in Alberta is also higher than in the other provinces.

Mr. Aalborg outlined some changes in provincial school legislation. School grants will soon be paid on the basis of a flat rate for all rooms. Transportation grants will be paid according to cost of each school district or division.

The province will also begin paying a new "per pupil" grants of \$5. Grants for new schools will be according to the number of classrooms instead of percentage of costs.

Earlier, the convention passed a resolution urging the federal government to accept an increased share of the cost of education while leaving control of the courses of studies and the distribution of money to the provinces.

A resolution asking the Alberta government to pay 75 per cent of the cost of elementary and secondary education, "including capital costs," was defeated.

J. E. Simpson of Edmonton was elected president of the Federation. He succeeded Mrs. E. H. Boalch of Calgary.

Life memberships were presented to Mrs. A. N. Hutchinson and Monro McLeod, both of Calgary.

LONDON (BUP) — Officials say a wet Coronation day would cost insurance companies some \$25,000,000. That would be paid to owners of stands along the Coronation route who have taken out insurance against wet weather.

## Son Of Calgary's First Mayor Dies In Stettler

Crossfield and district were shocked and saddened to hear of the passing of yet another of their pioneers, on Wednesday, May 20.

When found by his son, William Murdoch had apparently suffered a heart seizure while loading a car of grain for the Alta. Pool Elevator, for which he had been agent for 25 years.

The late Mr. Murdoch was born in Calgary and was the son of the late Mr. and Mrs. George Murdoch who were pioneers of Calgary, arriving there by ox cart in 1883, Mr. Murdoch to become the first mayor of Calgary.

When the Willow Spring Ranch was established in Crossfield, owned by Frank Collicutt, the late Bill Murdoch spent many years there, his sister being Mrs. Frank Collicutt. Later he married and settled west of Crossfield, but the terrible flu epidemic bereaved him of his wife.

The next few years he was recognized as a cattle buyer and later remarried and settled in the town of Crossfield, where he handled insurance. In 1928 he and his wife went to Clive where he became an elevator agent for the Alta. Wheat Pool, and remained so until his death, in Stettler, last Wednesday.

He was a member of the Crossfield and District Old Timer's Association, and always tried to be on hand for the Annual Round-up, where he took a special delight in renewing acquaintances.

Here also, he would meet his brother Cal. (named Calgary Alberta) and his wife, and Mr. and Mrs. Collicutt, the later being his sister Maggie, and Mr. and Mrs. George Murdoch. This latter brother George was the manager, for years, of the famous Willow Spring's Ranch whose owner Frank Collicutt retired in 1947, after receiving nation wide prominence with his pure-bred Hereford herd.

Resides his wife he leaves two children, a son William of Stettler and Mrs. Jack Clarke (Vivien) of Winnipeg; one sister Mrs. Frank Collicutt, Calgary; two brothers George of Calgary and Calgary (Cal) of Cayley.

Burial took place in the family plot in the Union Cemetery at Calgary at 1:30 p.m., and was conducted from Jaques Funeral Home, Canon A. D. Currie officiated at the service and left a comforting message with the bereaved family.

The pall bearers were Roy Reynolds, Rowland Amery, Calgary; Frank Murdoch, Bill Murdoch and his son Gordon all three of Crossfield and George Murdoch Jr., of Cayley.

## Crossfield Tops In Olds Tourney

On Monday last the Crossfield baseball team won the Olds baseball tournament, participating in this competition were Olds, Waterside, Crossfield and Bowden.

Waterside edged Olds 2-1, while Crossfield capitalized on a 3-2 victory over Bowden. In the final game Crossfield took Waterside 9-5.

All games were well played throughout the tourney and the local team looked very sharp in every position.

## Collier's Magazine To Print Bi Monthly

NEW YORK — Collier's magazine, published weekly for 65 years, has decided to begin publishing once every two weeks because of what it calls changed reading habits.

An official of the Crowell-Collier Publishing Company said modern readers have more things to do, like watching TV and driving, that detract from magazine reading.

## Sold Drugs To Mountie

EDMONTON (BUP)—An undercover investigation by RCMP of narcotics traffic in Edmonton had its sequel Friday when William Dutchak was sentenced to six months and fined \$600.

The former taxi driver pleaded guilty to selling an undercover RCMP constable four capsules of narcotic for \$60 and to being an illegal carrier of a narcotic. His taxi was confiscated.

362 million ice cream cones were made in Canada last year.

## Railway Man Is Retiring

EDMONTON (BUP)—Robert E. Johnston, division freight agent for the CNR in Edmonton, will retire on pension this spring.

Johnston has been division agent here for 14 years, and has worked

48 years with the railway. In November, 1915, he moved to Calgary and served as the city freight agent there for three years.

A modern Canadian army division needs more than 2,200 motor vehicles to move and service its fighting men.

# NEW FORD DRIVERIZED FEATURES ACCLAIMED BY TRUCKERS!

**NEW DRIVERIZED CABS BUILT FOR DRIVER COMFORT**—Most comfortable cabs ever built into a truck! 19% increase in all-round visibility... 5-foot wide adjustable seat with built-in shock snubbers... safety-positioned controls, new insulation and ventilation!

**IMPROVED SELF-ENERGIZING BRAKES FOR EASIER, SAFER STOPPING**—Self-Energizing Single Anchor, Fixed Double Anchor or Double Cylinder-type brakes (depending on model) give smoother, surer stops with less pedal pressure!

**COMFORT ZONE RIDE CONTROL MEANS LESS DRIVER STRAIN**—There's greater stability and less road shock for driver because cab is positioned closer to longer, smoother-riding front springs, farther away from load-carrying rear springs!

**FOR SMOOTH, LIVELY PERFORMANCE**—Driver-proved Ford V-8 engines deliver smooth, dependable power, high sustained torque for tough hauls. Lively V-8 power means fewer driver-tiring gear changes!

**TURNING CIRCLE UP TO 12 FEET SHORTER**—Shorter wheelbases and wider front treads make Ford Trucks easier to handle than ever before. Shorter turning radius means more front-end stability, greater steering ease, more all-round manoeuvrability and more efficient hauling on busy schedules!

## ALL-NEW SMOOTH-HANDLING EASE IN THE GREATEST TRUCK LINE IN FORD HISTORY!

1953 Ford Economy Trucks are a driver's dream—because they embody dozens of new, vitally important features, designed to make them easier to handle, more comfortable to drive, safer and more efficient to operate... all summed up in "Driverized Design"—the most revolutionary advance in truck-building ever made! See them—inspect the new Driverized Cabs, with every inch planned for comfort and convenience! Drive them—feel the new ride control, easier steering, smoother shifting, safer braking! Prove it to your own satisfaction that Ford Economy Trucks are the smoothest handling trucks on the road!

**GREATEST TRANSMISSION CHOICE IN FORD TRUCK HISTORY**—Synchro-Silent shifting on all models means much less effort for the driver, smoother operation in traffic—no more tiresome double-clutching. Automatic Transmission\* and Over-drive\* available in all F-100 Series. Steering-column gearshift standard in F-100, F-250 and F-350 Series. (\*at extra cost)
